P-640 Securing Beach Access in Waikoloa, Hawaii

WHY WIRELESS?

By Stephen "Shep" Sheppard
Key Accounts Sales Manager, Farpointe Data, Inc.

As seen on **SecurityInfoWatch.com**

If you are an integrator that appreciates the growing importance of Electronic Access Control (EAC) to your vocation, a part of your learning curve needs to include understanding wireless access control.

Join Us at ISC West
Stop by the Farpointe Booth #8056 and learn why Farpointe is trusted by OEMs and valued by integrators. We will have our Pyramid, Delta, Ranger and Rugged Readers on display, as well as new-product highlights!

ISC West runs April 6 - 8 at the Sands Expo in Las Vegas, NV.

MCR Proximity Readers MCR-64-H, MCR-30-H and MCR-50-H

Spotlight: Specialty Proximity Readers

MCR Proximity Readers are specialty readers that support certain Indala® ASP Advantage Series Proximity formats, as well as a range of other proximity protocols. There are three models: the mullion-mount MCR-30-H, the longer read-range MCR-50-H, and the MCR-64-H with multi-factor verification.

EM Proximity Readers support certain EM proximity formats, as well as a range of other proximity protocols. The EM readers include the mullion-mount EM-30-H and the EM-50-H, which mounts to a standard U.S. single-gang wall box.

Every MCR and EM Proximity Reader carries a limited lifetime warranty.

Indala is a registered trademark of HID Global Corporation, an ASSA ABLOY company.

Friends of Farpointe

You Are Invited to Friends of Farpointe

The 5th Annual Friends of Farpointe event will be held during ISC West at the Farpointe booth #8056, on Thursday, April 7, from 3:00 – 5:00 PM.

This is a must-attend event for access control professionals, where you can network, discuss industry trends, learn what's new at Farpointe, and more!
