WHY MOBILE CREDENTIALS ARE SPARKING ENTHUSIASM

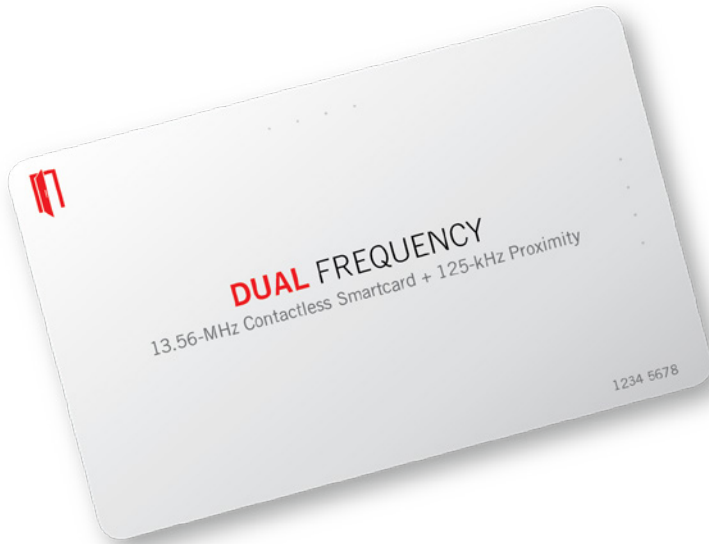

Experts talk about the excitement surrounding mobile credentials and how tech giants like Apple, Google and Samsung are generating buzz with their wallet technologies.

Product Spotlight: CONEKT® DE2-125 Card

Ideal for proximity deployments upgrading to smartcard readers

The DE2-125 card is a 13.56-MHz MIFARE® DESFire® EV2/EV3 contactless smartcard combined with 125-kHz proximity technology.

For enterprise sites with a large number of readers to replace, issue these dual-frequency cards before replacing legacy proximity readers with contactless smartcard readers. Card holders will be able to use existing proximity readers, as well as the newer smartcard readers as they are being installed.
